### **Please start with:**

A full tank of petrol, bike legal and road worthy. Adequate weather protection  
Recovery in case of emergency - it is your responsibility not RTTW

RTTW Marshalls will be in Yellow and the Back Markers in Orange jackets

The 11 (eleven) Start points around the UK (not including Drayton Manor) will be marshalled by teams of at least 10 riders, 2 Lead riders - 4 Outriders / Markers - 2 Sweepers - 2 Back Markers.

It is up to you to arrive at the services with ample time for a comfort stop, remember the 2-hour waiting/parking time limits at the services

### **The Rides**

The 4 Outriders (in Yellow RTTW hi-vis jackets) will leave 1 minute before the designated start time and travel up the motorways calling at junctions & services on route to the NMA.

If you are waiting for the passing group and see an Outrider approaching, please get ready and join on to the back of the group when it is approaching.

Please do not wait on the motorway slip roads.  
When safe, ride and get in front of the 2 Back Marker in Orange RTTW hi-vis jackets.

The Outrider will then go onto the next junction/services.

The 11 Routes to the NMA will start at the allocated times on the dot. (See: Route time sheets for ride start times)

Or if you are in doubt of the start times for your route, please speak to a RTTW Road Marshall

Please be ready - the Lead RTTW Marshalls will start the ride at their allocated times and lead you out on to the roads / motorways (remember the rules of the road).

If this is your first-time riding from a motorway start point. If you can, ride at the front, you will find it better, make yourself known to a RTTW Marshal and he/she will assist you.

You may have Police Bikes / Cars at some of the start points to help the group.

The 2 Back Markers in RTTW Orange hi-vis jackets. will be the last to leave the services.

Where possible try to ride in a Staggered Formation. Take your lead / position from the rider in front.

**No overtaking, do-not over or undertake the rider in front.**

The speed will not go over 60 mph on Motorways and 30/40 mph on A Roads.

Routes are set to arrive at the NMA at a designated time.

Please keep-up with the rider in front of you.

To help the smooth running of the ride, the Marshals will mark junctions and turns and assist with traffic and ride safety.

Stop at all Red Traffic Lights, unless directed by the Police.

If you are delayed keep going straight ahead. Eventually you will come across a waiting RTTW Marshal he/she will not leave until he/she sees the back markers in the RTTW orange hi-vis jackets.

Please remember, RTTW Marshals are not allowed to stop on the motorways to give you directions.

Please remember the motorway junction number you are exiting at on your route.

It is advised to print off and memorise your route from the start location to the NMA, all route / ride information is available from the RTTW web site

Also please have a look at a map and familiarise yourself with the roads you will be traveling on.

If you are unfortunate enough to break down, then stay with the bike and a RTTW Marshal will pull up (if it is safe for, he/she to stop).

The marshal, he/she will try to help you, but in the event, that he/she cannot help.

You will be expected to make your own arrangements with the recovery service that you subscribe to.

### **Riders leaving Drayton Manor to Ride to the NMA**

### **The important bit on the day is SAFETY FIRST**

As a rider on a route to the NMA; do not put yourself in a position on the road that endangers yourself or other road users.

**Please, do not high-5 people standing on the side of the road.**

### **In the event of an accident on the road.**

If it is near to you assist where possible.

Try to direct traffic round the incident keep the ride moving.

If RTTW marshals are on hand pass over to them. Try to keep the ride moving

Some of the RTTW Marshals on your route will be equipped with first aid kit.
