Start Locations around the UK

Ride - Information

Ride to the Wall (RTTW) has evolved into a unique Motorcycling event that has never been done before in the UK, 2022 will be our 15th Year.

For 2022 we have 11 starting points, allowing riders to gather for the event.

Each starting place will have clearly identifiable RTTW Marshals to assist, along with full toilet and refreshment facilities to allow riders to rest prior to the organized rides.

Please start with a full tank of Petrol, bike legal and roadworthy

There will be no Petrol Stops on Route`s to the NMA.

Once the departure time is reached, Marshals will assist with exiting the start point and Event Marshals will lead riders from each departure point directly to the National Memorial Arboretum.

An average distance of around 80 miles (90 -minutes maximum/ride depending on your chosen motorways route) and 20 - 30 miles for the A- Road routes.

Arrival at the Arboretum will be timed to allow plenty of opportunity to explore the beautiful complex of memorials and have lunch before the main remembrance service commences.

RTTW and Staff of the Arboretum will ensure there are many more things to experience than in previous years.

NMA Parking

Over the years, we have parked the bikes up faster by splitting the groups up into smaller groups at the NMA, (entering the NMA and the field for parking).

Please be aware you may be separated when parking up at the NMA from your friend's due to bike parking availability.

Drayton Manor.

Due to Health and Safety requirements, spaces are limited to 900 motorcycles.

This year 2022 at Drayton Manor, based on a first-come basis via the RTTW Registration page.

Drayton will still be used for those Riders, who wish to display association flags, those from the military who wish to ride at the event and those who are camping or will be using the onsite hotel.

If you are displaying Flag poles on your bikes,

Please ensure that they are fixed securely with nuts and bolts,

Not with Plastic Tag Fastener / Cable Ties.

In 2019 we had an incident with a flagpole damaging a car petrol tank, running to an insurance bill over £1000.00 for the car driver.

Please, do not high-5 people standing on the side of the road in DMP or Fazeley town centre.

Registering to make your own way to RTTW.

With an event of the size that RTTW has reached over the last 14 years, we would prefer that people supported RTTW by taking part in our Organized Timed Rides. (**We only have one gate to get you all in**).

This is to ensure that everyone attending this day of Remembrance and Respect can ride together and share a unique experience with as few holdups as possible.

We recognize that not everyone can be in the position to join an official ride, therefore, we have provided the option to make your own way to the NMA.

This option is aimed at individuals and small groups.

If you are organizing a large group (40 bikes or more) to ride directly to the NMA without being part of our organized rides,

Please contact us via e-mail

fazz.rttw@gmail.com

with the following information.

- How many bikes will be in your group?
-
- Your ETA at the NMA (Before 11.00 am please)
-
- A contact e-mail should we need to get in touch with you.
-

Hopefully, this will avoid any conflict between your ride and an official ride when you arrive at the NMA.

Please support the RTTW Rides, and not disrupt them. Thank you for your cooperation.

Wolseley Bridge and Donington

Wolseley Bridge Garden Centre (Route 5) and Donington services (Route 10) are intended to accommodate riders who may-be restricted from using our motorway routes due to the engine size or vintage of their motorcycle

Due to the parking restrictions at Wolseley Bridge Garden Centre (Start point 5) there will be a limit of 300 bikes at this start point.

When booking a place on this route please consider that other riders may benefit from using this start points more than you to show their respects.
